Supervised Access Visit

Date and time: September 19, 2022, at 12:00 – 14:00

Location: CFSGE Townsend Office

Participants: Adam Newton (bio dad) and Zaria Grillo (child).

Arrival

I approached the car. Mel got out. She apologized and stated she would like to be able to help encourage Zaria to attend the visit. But she felt sick last time and stated she would not be doing this. I stated that was fine. I shared I would not be taking Zaria out of the car or out of her arms if Zaria didn't want to come with me. I stated I will continue to talk with her and see where it goes. I shared that if it takes the whole time and all we accomplish is talking then that's what happens. Mel said thank you.

Zaria started to play peek-a-boo. She only said this once to me.

I spoke with Zaria about what she ate for breakfast, she said she likes tea and gets to have tea with mom and [REDACTED]. I talked about having kids and told her things they like to do and asked her if she liked the same things. We talked about birthdays and what she learned at mommy school this morning. She said she learned "symmetrical". I told her that was amazing.

While talking about the above things, Zaria came over to the side of the car that Mel and I were standing. She came out of the car and Mel picked her up. I continued talking to her about things she liked. I asked her if she would like to come with me to see Dad. She put her head on Mel's shoulder, she looked up and said yes and leaned towards me. I asked her if she wanted me to carry her or if she wanted a piggyback ride. She said piggyback ride. I put Zaria on my back. Zaria passed her toy to her mom. I told Zaria to tell mom and [REDACTED] "see you soon". She did this and blew them both a kiss.

Zaria and I got into the building at 12:20.

Once in the building, Zaria saw Adam. When I approached Adam, Zaria leaned over with her arms out. He picked her up and hugged her. He told her he missed her. He put her down and she hid behind the chair and told him to "catch me". He played in the lobby with her for a few minutes. He then redirected her to the bag of items he brought. He said you want to come downstairs, and we will get the stuff out. He told her he brought a craft for them to do.

Adam picked up Zaria. She started licking his neck and laughing while looking at me. Adam then carried Zaria down the stairs.

Working Well:

Adam brought crafts. He sat at the table with Zaria, and they painted together.

Adam brought the flying chickens to the visit. Zaria flew them at the ceiling.

They played on the floor with playdoh.

Dad asked, "Are you doing school stuff with mom and [REDACTED]". Zaria said, "Yes, I am learning symmetrical". Dad asked, "What is that". Zaria said, "When you colour one side yellow and you colour the other side yellow. That's symmetrical". Dad said, "Cool. Are you practicing your numbers. How high can you count". Zaria counted to 10. He told her good job.

Adam brought snacks and a drink for Zaria.

Adam and Zaria went to the hallway to see what toys were on the shelf to play with. He brought in the blocks and kitchen dishes.

Zaria wanted to play tea party. Adam sat on the floor with Zaria, and they had a tea party.

Zaria sat on Adam's lap on the couch with a snack and the iPad. They watched a show together.

Zaria talked about watching movies with mom and having a tea party. She couldn't remember the movie they watched.

Worries:

Adam asked, "Do you know who misses you?". Zaria asked, "Who?". He said, [REDACTED]. Do you know who misses you even more?". She asked, "Who?". Adam said, "Me. I miss our cuddles. Watching Nemo and making popcorn".

Adam asked, "Did you know you get to come to daddy's house? Are you excited?". Zaria said, "Yes". Adam said, "I am super excited too. I think [REDACTED] might come over to play". She asked about [REDACTED]. He told her he wasn't sure.

Adam talked about [REDACTED] coming outside to grab Zaria from Mel when she arrives for the visit. He stated that he will be in the house waiting and [REDACTED] will meet them outside and then bring her into the house to have the visit. He asked her if this was okay. Zaria said yes.

Zaria was sticking her tongue out and Adam was trying to catch it.

Ada, asked, "Do you wish you could go to my house?". She said, "Yes". Adam said, "Me too".

Departure:

I entered the room at 13:50. I stated there was 10 minutes left of the visit. He said OK. I stated if he needed some help cleaning, I could come in and help. He said he would be fine to do this as he continued painting with Zaria.

He asked if I had spoke with anyone. I shared I have sent the supervisor the information and it was forwarded to Brianna. She is still working this week. I stated she would be in touch with him but suggested that if he didn't hear anything he could call her. He said OKAY.

Adam stated that they needed to clean up. He left Zaria to finish painting while he cleaned up the room.

Adam asked, : Can I have a big hug". Zaria said "Sure. Is it time to go?". Adam told her "soon". He picked her up and they hugged. He told her, "I love you so much".

Zaria watched more of Dora on the iPad while dad cleaned.

Adam piggybacked Zaria upstairs. He put her down and gave her a hug. He told her he loved her and would see her on Monday. Zaria

she did not disclose anything. She said that when Zaria made the original disclosure it was very organic how it all came out. She said they were just watching TV and then she started talking about dad's house which she never does, and then when she talked about putting a tree stump in her bum she became panicked and started recording because she couldn't believe what she was saying. I suggested I talk with Zaria at [REDACTED] house this week and she agreed. I asked her about the relationship with Adam and their trip away. She described it as a last ditch attempt to try to be together for the sake of Zaria as she was pregnant, but she said so many things were wrong when they went away. She described that he would not let her use her own money and made her put her wallet in the safe in the room, but she said this was hard because she was pregnant and not at an all exclusive venue so she had to buy everything and ask him for money each time she wanted food. She talked about the one evening where he locked her out of the room and she had to call security to get him to let her in just so she could go in and sleep. She said she knew it was not going to work out because of his behaviours.

Supervised Access Visit

Date and time: September 12, 2022, at 12:00 – 14:00.
Location: CFSGE Townsend Office
Participants: Adam Newtown (bio dad) and Zaria Grillo (daughter).

Arrival

Brianna and I met with mom and Zaria outside at the car. Zaria played peekaboo and baby talked during the greeting. She clung to her mom and hid behind her. She did not answer any questions that Brianna asked her. Mom encouraged her to talk with Brianna. Brianna continued to encourage Zaria to go visit with dad. Zaria wanted a piggyback ride which Brianna gave her, and she entered the building on Brianna's back with no concerns at 12:36.

In the lobby Zaria ran around the waiting room telling dad "You can't catch me". Dad played the game with her and showed her something that he brought for her. Brianna asked if she wanted to see the room, they would be hanging out in. Zaria asked dad to pick her up. He did and carried her down the elevator. Zaria licked dad's face. He asked "what part of daddy do you not lick?". Zaria said "glasses". He said "yes, my glasses". They laughed and Zaria started licking his glasses.

Working Well

Once in the room Zaria stopped baby talking and played with toys and games with dad. She did not appear scared of dad and appeared comfortable in the room.

Bathroom at 12:44 – Dad helped Zaria wipe her vagina. No concerns during this. Zaria sat on the counter and dad helped her wash her hands.
